

Agent nettoyant ANTI incendie *Anti Fire*

Special concentrated alkaline fire detergent

GENERAL DESCRIPTION :

ANTI FIRE is a specific detergent for the treatment of textiles after fire. It leaves a pleasant atmosphere of freshness after treatment.

PH solution 1%: 10 ffl 0.5

APPLICATION :

ANTI FIRE is recommended for disaster clean-up of traces of soot and lingering odors.

PHYSICAL PROPERTIES :

Appearance..... colorless
pH..... > 2
Solubility..... Complete and fast
Penetration..... Immediate
Odour..... Neutral

MANUAL :

- 200 to 250ml of product directly in the detergent drawer for 20 to 25 pieces. It is not mandatory to add laundry. Wash the normal cycle at 40 °. In the case of Very heavily soiled and / or very odorous clothes, 1 pre-wash plus wash will strengthen the action of the product on the textile (s).
