

LE DÉJAUNISSEUR

**ANTI YELLOW STAIN
ANTI CARDBOARD EFFECT**

GENERAL DESCRIPTION :

LE DEJAUNISSEUR is specially formulated for all artisanal and industrial applications in the laundry sector.

THE DEJAUNISSEUR ensures a complete disappearance of the strongly encrusted yellowish deposit which is supposed to be indelible for the professional as for the client.

LE DEJAUNISSEUR is a unique product which allows, thanks to regular treatment, the preservation of articles such as men's shirts, blouses, T-shirts, on all fibers, even the most fragile such as silks, linen, etc.

THE DEJAUNISSEUR regenerates the fiber, replenishes the colors and eliminates residual odors.

LE DEJAUNISSEUR is an innovative product in the sense that it allows the professional to offer a service that does not yet exist, guaranteeing the customer a preservation or regeneration of his clothes over the long term.

This treatment is to be presented and offered more or less regularly and to be repeated every 10 to 15 washes at the customer's request.

Appearance:

Appearance	Limpid
pH in distilled water	<1 (Corrosif)
Density.....	env. 1,05
Stabilité	constant
Solubility	Complete and fast
Biodegradable	Easy

MANUAL :

Spray LE DEJAUNISSEUR on the stain, or saturate it entirely with and work with a brush. The estimated average time per article treated varies between 1 to 3 minutes depending on the degree of encrustation. Then rinse with clean water and / or wash.

In the case of delicate textiles, colors or prints, do a test on the hem.
