

BLUE STAR

LIQUID DETERGENTS

2 PERFUMES

GREEN SKYPE

A GUARANTEE OF A PERFECT RESULT FOR ALL YOUR FABRICS :

SKYPE and STAR liquid detergents are highly concentrated liquid detergents. They allow washing of all types of laundry, from the lowest temperatures (30°C). Used in low doses, they respect fibers, textiles and colors by restoring them to their original shine. Their fragrances leave a fresh and pleasant smell on the laundry. SKYPE and STAR liquid laundry detergents contain ingredients of plant origin, without phosphate. They are the guarantee of effective and environmentally friendly products.

HOW TO USE :

SKYPE and STAR liquid detergents can be used by machine or manually. They are effective at all temperatures: 30, 40 or 60°C. They release a natural and pleasant fragrance on your fabrics. They can be used as classic detergents on all types of textiles and colors. Detergents active from 30° and effective up to temperatures of 60°.

Do not pour directly onto laundry

USE INSTRUCTIONS TO RESPECT THE ENVIRONMENT :

Sort the laundry (by color, degree of soiling, type of fiber, etc.).

Stubborn stains should be treated before washing with the USLAB stain remover range.

COMPOSITION (648/2004/CE) :

Anionic surfactants 5 - 15 %
